TALAMONTI

TRE SAGGI

Montepulciano
d'Abruzzo DOC

PRESSE ET DISTINCTIONS

REGION DE PRODUCTION

Vignobles sélectionnés dans la commune de Loreto Aprutino, située dans la zone de production du Montepulciano d'Abruzzo DOC, sur les pentes du Gran Sasso.

CEPAGES

Montepulciano d'Abruzzo (100%).

TERRAIN

Argileux, moyennement calcaire. Altitude: 300 mètres.

TECHNIQUE DE PRODUCTION

Produit exclusivement à partir de raisins Montepulciano sélectionnés et récoltés à la main à la mi-octobre dans les vignobles Talamonti, s'étendant sur 25 hectares environ au cœur des collines abruzzaises, au pied du Gran Sasso. L'égrappage et le foulage sont suivis par une fermentation alcoolique pendant 14 jours, puis par une fermentation malolactique en fûts de chêne français (Allier et Tronçais). Le vin mûrit ensuite en barriques françaises de 300 litres pendant douze mois. Suivent 12 mois d'affinage en bouteille.

CARACTERISTIQUES ORGANOLEPTIQUES

Couleur rouge rubis intense avec des reflets violacés. Il se caractérise au nez par des notes de fruits rouges et de griottes, avec une légère touche d'épices. Goût de mûres, de griottes, avec des notes torréfiées de noisettes et de café.

PRODUCTION 50.000 bouteilles

Longévité: 6-10 ans. Idéal pour accompagner des rôtis de viande, du gibier et des fromages affinés. Servir à 18°.
