Certificate CO² reduction

Hereby we certify that in the year 2019 Azienda Vinicola Talamonti srl has produced energy from renewable sources. Resulting into a CO₂ reduction of

29 tons of CO² per year
corresponding to the amount
of CO₂ absorbed by 1450 trees

Azienda Vinicola Talamonti has made a significant contribution to the CO₂ reduction by this choice.

The calculations were performed by using a calculation tool developed by CE Delf for Energy Manager Agostino Ianiri.
